1955 TOWN MEETING

The usual Town Officers were elected. They are listed elsewhere in this Report.

It was voted that this meeting be governed by Robert's Rules of Parliamentary Procedure.

Routine articles authorizing the sale of property taken by tax title or otherwise, tax discounts, hiring of money in anticipation of taxes, and appointment of a Deputy Tax Collector were passed.

It was voted to recind a vote taken at the 1950 Town Meeting which authorized the Selectmen to remove the B. & M. Station.

The recommendations of the Budget Committee were approved and adopted and the sum of \$308,924.32 was raised and appropriated. This included the sum of \$2,000. to erect a canopy along the water front.

The Selectmen were empowered to borrow on serial notes the sum of \$6,000. for a sewer on Pleasant Street, and \$30,000. for a standpipe on King's Hill.

The following motions were defeated:

To appoint a committee to secure plans and estimate cost of acquiring land and construction of a new fire station.

To establish a Police Commission.

To purchase land owned by Mr. Joseph I. Melanson near Carry Beach.

To extend the limits of the Village Fire Precinct to the Town boundaries.

To amend the Zoning Ordinance.

A Special Town Meeting was held on June 10, 1955 to see if the Town would authorize the Selectmen to install parking meters. This article was defeated.

Respectfully Submitted,

Wayne L. Parkhurst,

Town Clerk.

Town Officers 1955

SELECTMEN

Noyes V. Moore	term expires 1956
Weare Fred Tuttle	term expires 1957
Charles L. French, Sr.	term expires 1958

ANNUAL TOWN MEETING, 1956

Warrant

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Wolfeboro qualified to vote in Town Affairs:

You are hereby notified to meet at Brewster Memorial Hall in said Town on the second Tuesday of March next, from ten A. M. until 8 P. M. for the casting of ballots, and at seven P. M. to act on the following articles:

ARTICLE 1. To choose a Town Clerk, two Auditors, Treasurer, Collector of Taxes, and Town Constable for the ensuing year, one Selectman for three years, one Trustee of Trust Funds for three years, one Library Trustee for three years, two Water & Sewer Commissioners, one for three years, and one for two years, three members of the Budget Committee for three years, and two Parks & Playgrounds Commissioners, and two delegates to the Constitutional Convention.

ARTICLE 2. To select one or more Highway Agents or to instruct the Selectmen to appoint one Highway Agent.

ARTICLE 3. To choose all other Town Officers and Agents.

ARTICLE 4. To see if the Town will authorize the Selectmen to sell any property taken by tax title or otherwise.

ARTICLE 5. To see if the Town will vote to instruct the Selectmen to authorize the Tax Collector to allow a discount on real estate taxes if paid before December 1st, at a rate of discount not to exceed the rate at which the Town can borrow money on short term notes.

ARTICLE 6. To see if the Town will authorize the Selectmen to hire a sum of money necessary to pay expenses in anticipation of taxes.

ARTICLE 7. To see if the Town will vote to authorize the Tax Collector to appoint a Deputy under the provisions of Section 42, Chapter 80 of the Revised Laws of 1942 as amended by Chapter 7 of the Laws of 1945.

ARTICLE 8. To see if the Town will approve and adopt the recommendations of the Budget Committee and raise and appropriate the various sums contained in the report and listed in the Budget.

ARTICLE 9. To determine if the Town will authorize the Selectmen to accept and administer the trust of the Libby Museum,

and the Libby Park trust pursuant to the provisions of the will of Henry F. Libby.

ARTICLE 10. To determine if the Town will vote to appropriate and raise eighty-one thousand five hundred dollars (\$81,500.00) to extend the existing Town Sewer System as follows:

- a) Up to and including the General Wolfe Inn on South Main Street.
- b) Up to and including the home of Ada Tibbetts at Wolfeboro Falls.
- c) Up to and including Harold Fournier's home on Clark Road, and including all of Goodrich Road.
- d) Include in the proposed extension the portion of Elm Street that begins on Route No. 28 and runs to the corner of Bay Street and Elm Street.

This proposal contemplates the raising of the money by the usual manner by serial notes with the additional feature that for so long as the Water & Sewer Department is unable to meet the annual payments out of earnings, the Town will pay the annual amortization payments thereon. The Water & Sewer Department will in turn later pay back to the Town, out of earnings, the aforementioned payments made by the Town as aforesaid, as soon as their earnings will permit.

This proposal further contemplates that in addition to the ordinary water and sewer charges, all abutters of the new sewage lines will be assessed a certain charge per foot of land abutting said sewage lines. Said charge will be determined by the ultimate cost of the additions.

ARTICLE 11. To determine if the Town will authorize and empower the Selectmen to negotiate with Ralph M. Horne and Eleanor B. Horn or their representatives, and to contractually bind the Town to the extent of five hundred dollars (\$500.00) for the purpose of acquiring for the Town the following:

- a) An airplane landing strip
- b) Parking area for motor vehicles
- c) Parking area for airplanes

This proposal contemplates the creation of a municipal airport to qualify for matching funds from the Federal Government under presently existing Federal legislation.

ARTICLE 12. To determine if the Town will appropriate sufficient funds and authorize the Selectmen to purchase and install parking meters, and to further authorize the Selectmen to establish reasonable charges for parking to be paid through the meters. (To be voted upon by ballot)

ARTICLE 13. To determine if the Town will authorize and empower the Selectmen to negotiate with the owners of the area behind Fournier's Service Station, and to authorize and empower

the Selectmen to contractually bind the Town to lease said area behind the said Fournier's Service Station for the purposes of a parking lot for a period of five (5) years at one dollar (\$1.00) per year with renewal options, and further to appropriate and raise ninety dollars (\$90.00) for insurance therefor.

ARTICLE 14. If Article 13 is carried, to determine if the Town will appropriate and raise three hundred and fifty dollars (\$350.00) for filling and grading the area behind the Fournier Service Station.

ARTICLE 15. To see if the Town will vote to authorize the Selectmen to negotiate and purchase all or part of the land in the Carry Beach area and raise \$10,000 for this purpose.

This land is for practical purposes a triangular section on the northerly side of Forrest Road having approximately 284 feet of shore frontage on Winter Harbor and another section of land which lies between Jockey Cove and Forrest Road having approximately 370 feet of shore frontage on Jockey Cove.

ARTICLE 16. To transact any other business that may legally come before this meeting.

Given under our hands and seals this 16th day of February, A. D. 1956.

NOYES V. MOORE
W. FRED TUTTLE
CHARLES L. FRENCH

Selectmen of Wolfeboro, N. H.

W. FRED TUTTLE
CHARLES L. FRENCH

Selectmen of Wolfeboro, N. H.

SELECTMEN'S PROGRESS REPORT

The Selectmen of Wolfeboro submit herewith a progress report for the year 1955.

TAXES:

A complete reassessment of all taxable property was made on all land and buildings in our twelve (12) square miles of the town, plus our twenty-one (21) inhabited islands. This resulted in an increase in valuation of \$1,140,030.00, and assets of \$7,380,620.00, and thus reduced the tax rate \$5.00 per thousand.

Also, a careful survey was made of all boats, dogs, horses, cows, sheep, fowl, neat stock, for tax purposes, as well as of all persons, who were liable for poll and head taxes, which resulted in increased revenue to the town.

BUDGET:

While some particular items in the budget were exceeded, due to unforeseen emergencies, we are pleased to report that we stayed within the overall budget.

PURCHASING AND EXPENDITURES, AND REVENUE:

We were careful to spend only the monies that were absolutely necessary, and through competitive bidding, we were able to save the town over \$900.00 for goods and services.

We were also able to receive rentals of \$740.00 per year for town property, which is new revenue.

HEALTH:

We were pleased to be able to have the services of Dr. James E. Bovaird as our health officer.

From a health standpoint considerable progress was made.

A thorough study was made, with the aid of State health officers and outside engineers, as to dump, water pollution, and sewerage.

Our town dump in the center of town was completely closed; a new dump was opened at Hyde Hill for the disposal of barbage only; and both dumps, including the Pine Hill dump, were completely fumigated, by a professional exterminator, to eliminate flies, rodents, and other disease breeding creatures.

Septic tanks and chemical toilets were caused to be installed in certain areas in town for health purposes.

Pollution of our lakes and streams was studied and steps were taken to prevent same.

All trucks used for hauling of rubbish were required to be covered while using our highways.

It was necessary for us to close our public beaches at the very worst time of the year, due to prevalent sickness, which resulted in a large loss of revenue to our residents, which we regret, but we are sure this action was beneficial to the general welfare of our people.

We had all our restaurants, hotels, and other eating places inspected by the State Board of Health and, while they were all found to be in excellent condition, some constructive suggestions were made for even further improvement.

The selectmen also assisted in the vaccination program.

POLICE DEPARTMENT:

We feel that our police department did a splendid job in 1955.

Through strict enforcement of our laws, on both land and water, we are proud of the fact that not one fatality occurred, due to a motor vehicle or boating accident.

There are not enough communities that can say that.

A complete study was made of our traffic situation, and our traffic ordinance was strictly enforced, for the benefits of our motorists and our merchants. We are also proud of the fact that not one court case resulted from the enforcement of this law.

A new blinker light was installed at South Wolfeboro, and new yellow lines were painted on our through routes to aid in traffic control and prevent accidents.

OTHER SERVICES:

We were able to have the water level lowered in the big lake when water was causing damage to certain of our shore properties.

We were able to obtain free parking at the Carry Beach for the benefit of our residents and guests, at no expense to the town, through the courtesy of Joseph I. Melanson.

One of our town docks was set aside for the docking of large cruisers, and water and electricity were made available. This resulted in bringing to our merchants many hundreds of dollars worth of business.

We trust that the boating public on the lake will continue to use these fine docks, the best there are on Lake Winnepesaukee.

We were also able to make certain improvements at Mast Landing, for the benefit of our citizens on Crescent and Wentworth lakes.

GENERAL:

We also established a policy of painting our highway equipment a light color, with the name of the town appearing in large letters. This we believe is not only good advertising, but would have a tendency to discourage personal use of the town vehicles.

We have made plans for the improvement of our airport, with

certain aid from our State and Federal government, which we hope will be a reality in 1956.

We have also strived diligently to bring a certain small industry into our town, to balance the employment demand in the winter months and, while this is not yet an accomplished fact at the present moment, we are confident it will be in the future.

Your selectmen also attended a State-sponsored school for two days, and future planning and development of our town and a continuous study is being made of these subjects.

We wish to thank all our associates in other branches of our town government, the tax collector, the town clerk, the precinct commissioners, the fire department, the electric light department, the water and sewer department, the school department, the police department, the highway department, and all others, for their cooperation and understanding in the past year, as well as the State officials which we contact.

We would also like to thank our citizens also, both resident and non-resident, for their cooperation and understanding.

We, your selectmen, are extremely fond of our town, America's oldest and friendliest summer resort, and we shall continue to endeavor to do the best we can to warrant the confidence you have placed in us.

NOYES V. MOORE,
W. FRED TUTTLE,
CHARLES L. FRENCH,
Selectmen of Wolfeboro, N. H.

THE SELECTMEN'S REPORT

SUMMARY INVENTORY OF VALUATION

Land and buildings (exclusive of growing wood and timber),	\$6,988,025.00

BUDGET COMMITTEE'S REPORT

The Budget Committee this year, was faced with greatly increased costs for Schools and some of the Town Departments.

After preliminary study followed by a careful review of all the figures submitted, it was found possible to make savings in many items. The reductions in the estimates presented, we feel will not curtail the essential services of the Town, and were arrived at only after careful consideration and discussion with the Department officials involved.

In addition to the two Public Hearings, the committee required seven meetings to arrive at the recommended budget presented for the consideration of the town at the annual meeting March 13, 1956.

General Government	\$13,395 00
Protection of Persons and Property	14,440 00
Public Health	7,320 00
Highway Maintenance	55,700 00
Highway Construction	3,271 89
Sidewalks	350 00
Street Lights	6,400 00
Libraries	1,850 00
Public Welfare	15,000 00
Patriotic Purposes	2,050 00
Public Service Enterprises	3,668 99
Interest	1,212 50
Payment on Town Debt	9,500 00
Recreation	3,850 00
Wharves	635 00
	<hr/> \$138,643 05
Payment to other Governmental Divisions in addition to the above list:	
School Tax	\$157,774 82
Precinct Tax	18,785 00
County Tax	20,000 00
	<hr/> \$335,202 87

TOWN ROADS

The proposed purchase of a Power Grader should prove to be a great help in maintaining our rural roads in better condition at lower cost. This will be purchased by proceeds from serial notes over a period of ten years.

Specific appropriation for the improvement of the following

town roads at a cost of \$2400.00, are recommended by the Budget Committee:

Underground drainage on Pleasant Street	\$750.00
Drainage on Crescent Lake Ave.	500.00
Hard surfacing, Waumbec Road	900.00
Improvement of Clow Road	300.00

Although under the new law, the State no longer provides funds under the former "apportionment B" plan, it does assume the maintenance of many of the roads in the compact area of Town.

The T. R. A. program for rebuilding rural roads, still is in force and in 1956 for a town expenditure of \$821.89. The State will participate at the ratio of five to one, making approximately \$4900.00 available for new construction on our outside roads.

As the mileage of hard surfaced town roads increases, a larger amount of tar and oil is needed to maintain them properly. This year, \$6500.00, an increase of \$1000.00 is provided for this purpose.

SCHOOLS

The boys and girls of Wolfeboro have had unusually good educational opportunities for many years. The standard of teaching and the facilities both at Carpenter School and Brewster Academy have been substantially above the state average.

At the recent public hearing on the 1956-1957 school budget and at meetings of the town budget committee, Wolfeboro citizens definitely have indicated that they wish to maintain this high standard, and they rate it as a priority over many improvements in the town.

The nation in general and New Hampshire in particular are experiencing higher teaching costs due, in considerable measure, to adjustments in the formerly underpaid teaching profession. Wolfeboro in maintaining its favorable position, must have a school budget that is adequate to attract and to hold good teachers.

The officials of both Carpenter School and Brewster Academy have made a thorough study of operational needs, including the major item of teachers' salaries, and the findings of these officials have been thoroughly reviewed by the town budget committee. The recommended total appropriation of \$164,534.82 is higher than the amount recommended last year primarily for reasons outlined above. (See especially items: Carpenter School teachers' salaries; and Brewster Academy tuitions)

The town budget committee desires to express its appreciation of the whole hearted cooperation of all concerned at Carpenter School and Brewster Academy in supplying detailed information on income costs, and budget items.

POLICE DEPARTMENT

The Police Department, through the co-operation of the Selectmen and the citizens of the town, is to be congratulated on the job it did in taking care of the traffic and parking problems during the vacation period.

The value of additional officers for the summer months, and for relief and special duty during the balance of the year, is well worth the additional expense.

On recommendation of the department, for safety and greater efficiency, the present Police Cruiser, will be replaced by one of the Ranch Wagon type, to be financed by three year serial notes. This type of car will be of greater value for emergency and ambulance service, than the present Police Cruiser.

WHARVES

The completion of the Town Wharves last year, has greatly added to the attractiveness of the water front, not only to the boat owners that use them, but to our summer guests as well.

This year only minor improvements and maintenance at the Town Wharves and at Mast Landing are necessary. Under this heading, the parking area at Mast Landing will be filled and graded, at a cost of \$100.00.

TOWN DEBT

The payments on Town Debt in 1955 amounted to \$17,300.00 of which, \$8500.00 was paid from tax funds, and \$8800.00 from Water and Sewer Department funds. With the addition of \$2000.00 on the \$10,000.00 wharf notes, which will become payable this year, the total payment from tax funds will be \$9500.00. Next year the payment, even with the payments on the Grader and Police Cruiser, if approved, will drop to \$7600.00. The Water Department will be able to make the payments on the new stand pipe on Brewster Hill, out of the earnings, as the last payment on the Water bonds, amounting to \$3000.00 per year, was made in 1955.

While discussing costs and benefits that would accrue to Wolfeboro citizens through town improvements, certain suggestions were made that seemed worthy of mention here, such as:

1. Town plan, including adjustments in zoning.

2. Study of town government and overlapping functions of present town departments.

3. Long-range plan for road construction and maintenance. Taking into account the recent developments and the potential for future growth in Wolfeboro, the budget committee believes that, if appropriate action were taken, the several town departments could function more efficiently and economically; the scenic beauty of the community would be better protected; and the natural resources would be better conserved.

The Budget Committee wishes to thank Mr. Noyes Moore Clerk of the Board of Selectmen and all the other department heads who have assisted in providing the necessary figures and information on which a realistic budget may be set up, for the guidance of the voters of the Town. The final appropriations are the responsibility of the Town, School and Precinct meetings but if the Budget Committee can present a sound basis for the voters action their work is of value.

Respectfully submitted
Wolfeboro Budget Committee

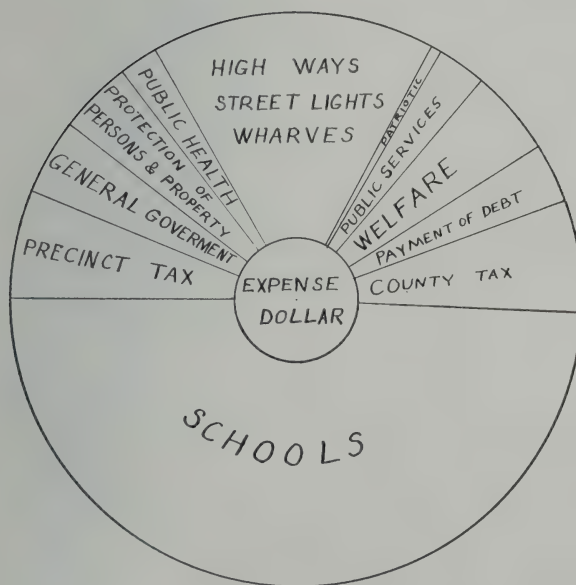

Howard C. Avery, A. C. Ballentine, Jesse H. Gould, Roy G. Nelson, Cecil E. Corkum, Harold Bodge, John B. Judkins, T. Frederick Brunton, Aaron M. Parker, Frank Berry, Noyes V. Moore, Tracy Abbott.

Town Clerk.

Tax Collector's Report

The location of the office of the tax collector was changed early in the year for the better, though many taxpayers had difficulty in finding the office. Adequate signs will be placed to direct the public to the Union Street entrance.

Unusual effort was required to collect back poll taxes and head taxes. Those due from years previous to 1955 have all been cleared.

It cannot be emphasized too strongly that poll taxes and head taxes are demand taxes and are due when the bill is presented, and should a person, who is liable, not receive a bill it is that person's responsibility to ascertain why they did not.

Persons signing an application for a driving license, registration of a car, or fishing or hunting license, should read carefully the affidavit before signing.

If there is any question as regards a tax bill the matter should be inquired into promptly to avoid extra charge for delayed payment made after December 1st of the tax year.

Persons involved in the transfer of property should notify the Board of Selectmen of such a transfer with name and address of the new owners. In 1955 there were more than 100 tax bills delayed in mailing because of lack of accurate addresses.

The tax collector maintains office hours three days a week from 9 A. M. to 1 P. M. at the town offices and is available at home. Part time tax collectors are only required by statute to be at the town office one day a month. The tax collector of Wolfeboro is classified as a part time officer and so compensated.

GEORGE W. NARY,
Tax Collector.

GEORGE W. NARY,
Tax Collector.

HEALTH OFFICER REPORT

The present health officer assumed his official duties on April 22, 1955. For the purpose of this first annual report, I am going to summarize the present health situation in the town, including in the report the various preventive health measures used, a resume of the polio epidemic, and some sanitary problems.

The infants and children of Wolfeboro appear to be well taken care of from the standpoint of preventive inoculations. The majority of these inoculations are given in the offices of the various doctors and are to prevent whooping cough, diphtheria, and tetanus. These inoculations are repeated at regular intervals as a booster injection. Vaccination against smallpox is performed in like manner in infancy and in the preschool child. Clinics have been held at the Huggins Hospital under the supervision of the Wolfeboro Nursing Association for those children who, for some reason or another, had not had these preventive injections.

Orthopedic clinics are held every three months at Huggins Hospital under the guidance of the Nursing Association and under the specific professional direction of Dr. Howard Halfman of Laconia, an orthopedic specialist. In this clinic, difficulties in posture, foot troubles, and the supervision of the post-polio paralytic conditions are considered and treated.

Mental health conditions observed in our school children are taken care of in the Mental Health Clinics in Laconia and Concord. This program has been helpful in treating these problems.

Dental health clinics have been conducted under the guidance of Dr. Douglass Kipp. Dr. Broderick, who has recently moved to Wolfeboro, has signified his willingness to aid in this program.

The usual contagious and infectious diseases were at a minimum this year with the outstanding exception of poliomyelitis. We experienced our most severe polio epidemic in the recent history of our community. There were 24 proven cases of polio with clinical evidence of the disease, an additional 17 more cases which were proven to have had the disease without clinical manifestations, a ratio of 58% paralysis, one death, several severe crippling cases, and several cases who are still under active physiotherapy care. With this historical background, an adequate amount of Salk vaccine was obtained and all children from the ages of one through fifteen years, and all pregnant women, were inoculated against polio in Dec. 1955 and on Feb. 1, 1956. The Salk vaccine is still difficult to obtain but will become more available as the months pass. The Salk vaccine appears to be safe, it immunizes against all three strains of the polio virus, its immunity is not 100%, but it reduces the incidence of paralysis considerably. Gamma Globulin clinics were held several times during the polio epidemic and

over 1000 people were given injections at an estimated cost of \$48,000 to the Polio Foundation. It is estimated that this amount of Gamma Globulin necessitated 1500 pints of blood to be used for its production. This constitutes an additional reason why the people of Wolfeboro should contribute of their blood most generously at the regular blood banks.

A Cancer clinic is held regularly at Huggins Hospital and operated through the various doctors in the community. This clinic diagnoses and follows through all the cases of cancer and keeps an accurate record of each case for many years.

We have an unsolved problem as regards the care of the aged. We need a home for the older people and it is hoped that the newly reorganized 'Home for the Aged Group' will be able to accomplish the desired result. The need for such a home is acute and will become almost a necessity in the near future. It is hoped that everyone in town will give their support and cooperation to this project.

Since health and sanitation are interrelated, the sanitary problems have been given consideration. The gradual extension of the sewer system as planned will result in an improvement of our health situation. The sanitation system at the Wentworth Park beach and at Brewster beach has been examined thoroughly and improved disposal facilities for the Brewster beach have been provided.

The subject of the dumps has been given considerable thought. The Factory St. dump is being gradually filled at a cost of \$500.00 per year and it is estimated that it will cost about \$5000.00 eventually to complete this project. All the dumps were treated by extermination this past year to rid them of flies and rodents. It was hoped that an incinerator could be purchased but it was apparent that the expense was too great. Plans have been made to provide more adequate facilities for the disposal of garbage and rubbish, using the dump facilities that are now in use. This will necessitate that an attendant be present on duty on Sunday mornings as well as on weekdays and will materially increase the budget for dumps.

Lastly, it is hoped that more adequate laboratory facilities will be provided for the Wharf area. Larger boats are stopping at the wharf and remaining for hours and sometimes overnight, and it seems essential that the laboratory facilities be increased and improved to equal the excellent docking facilities.

In summary, it appears that the health situation in general is well under control. Although the two nursing homes now in use are excellent, the demand is greater than the facilities and there is an urgent need for greater domiciliary care for the aged.

Further extension of the sewer is indicated, better facilities for garbage disposal should be sought after, and a continual check-up on sanitation from the standpoint of lake-water pollution is continually necessary.

Respectfully submitted,

JAMES E. BOVAIRD, MD.
Health Officer.

Town Treasurer's Report

January 1, 1955, to December 31, 1955

WELFARE

Wolfeboro Water and Sewer Department

SUPERINTENDENT'S REPORT — WATER DEPARTMENT

During the past year much new work as well as many replacements was accomplished in the water department.

On Park Avenue the old one-inch pipe was replaced with 220 feet of 1¼-inch galvanized pipe.

At Whitten's Neck, due to the building of six new camps, we installed 940 feet of 1¼-inch galvanized pipe.

On Belknap Street we installed 176 feet of 1¼-inch galvanized pipe to take care of the new house built by Mr. LaFontaine.

On Clark Road we installed 665 feet of 2-inch galvanized pipe to give all year service to the homes of Mr. Redding and Mr. Allen.

On Waumbeck Road we had to install 1,260 feet of 1¼-inch galvanized pipe to take care of the new house built by Mr. Palmer.

On Mr. Melanson's new street we installed 462 feet of 2-inch galvanized pipe to take care of Mr. Melanson's new residence.

On King Hill, South Main Street, we erected a new standpipe with a capacity of 500,000 gallons to help out the water pressure in that locality and to enable us to extend our lines beyond South Wolfeboro to take care of new cottages going up all the time.

There were 20 new services connected to the water system during the past year, making a total of 1,180 water customers.

Twenty-one of the old services were replaced with copper tubing.

There were a few leaks and breaks in the water system which were taken care of as soon as possible.

CHARLES I. LUCAS,
Superintendent.

SUPERINTENDENT'S REPORT — SEWER DEPARTMENT

During the past year much new construction was accomplished in the sewer department.

At the Mill Street Pumping Station one more room was added for the installation of 2 D. V. S. S. chlorinizers as was voted at town meeting to take care of sewerage only.

On Sewall Road and Pleasant Street a main sewer line was installed to the extent of approximately 2,500 feet which will serve

one house on Sewall Road and all of Pleasant Street and Pleasant Street Extension.

There were 22 new customers added to the sewer system during the past year, making a total of 282 sewer connections.

The amount of lime used at the Imhoff Tanks has been reduced to less than 100 pounds a year.

As usual visitors are always welcome to inspect the pumping stations and treatment plant.

I also wish to thank the citizens of Wolfeboro for their cooperation during the past year.

CHARLES I. LUCAS,
Superintendent.

This new Standpipe erected by the Wolfeboro Water & Sewer Dept., during the past year on King Hill, South Main St., Capacity approx. 500,000 Gals, 80 feet high and 30 feet in diameter, at a cost of approx. \$29,000.00 to be paid for from earnings of the Water & Sewer Dept., this will provide additional pressure on King Hill and enable much needed Water Line extensions toward the Alton, N. H. Town Line and Pleasant Valley Section.

AUDITORS' CERTIFICATE

We have examined the accounts and balance sheets of the various Town Officers. Our examination was made in accordance with the auditing standards as required by the State Tax Commission, and included such tests of the records and other supporting evidence we considered necessary. In our opinion the statements herein present fairly the results of the operations of the Town Officers for the year 1955.

Report of Forest Fire Wardens

DANGER FROM FIRES IN WOODLANDS

WOODLAND LITTER, WHEN DRY, IS HIGHLY INFLAMMABLE AND FIRES CAN QUICKLY GET OUT OF CONTROL. WE REQUEST YOUR COOPERATION TO CONTROL ALL FIRES SO THAT LIVES AND PROPERTY MAY NOT BE ENDANGERED OR DESTROYED, AND FORESTS BE KEPT GREEN TO FURNISH THE NATURAL BEAUTY WE ALL ENJOY AND TO GROW TIMBER WE WILL NEED.

WHAT IS "WOODLAND"?

The term "woodland" is defined by law to include, "cut-over land, slash and such other land as bears a sufficient amount of wood growth, wood, weeds, grass or other growth as to be likely to be burned over."

WHEN IN THE WOODS, YOU ARE EXPECTED TO EXERCISE CAUTION IN THE USE OF FIRE AND TO REMEMBER THAT

IT IS UNLAWFUL TO

Throw down lighted matches, cigarettes, or other burning substances from vehicles or otherwise.

Burn brush, rubbish, grass or other materials when the ground

is not covered with snow, without written permission from the Forest Fire Warden.

Kindle a camp or cooking fire on land of another without permission from the owner or his agent.

Leave an open fire burning unattended.

Fail to report a forest or brush fire that is out of control.

VIOLATORS ARE SUBJECT TO THESE PENALTIES

Anyone letting a fire escape from control, whether or not he has a permit to kindle the fire, is liable for the costs of extinguishing the fire.

Anyone found guilty of dropping inflammable material in or near woodland shall be fined not more than \$25.00.

A person failing to report an uncontrolled brush or forest fire is liable to a fine of not more than \$10.00.

For kindling a fire in woodland of another without permission of the owner, or for kindling any fire without a permit when a permit is required, a person may be fined not more than \$200.00, or imprisoned 60 days.

DAMAGES

Every person who shall set fire on any land, that shall run upon the land of another, shall pay to the owner all damages done by such fire.

BE SURE—GET A PERMIT

Incinerators should be tight, with a close mesh screen, and be on clean ground.

Open fireplaces used to burn rubbish are classed as incinerators.

Always clean a space about any open fire to prevent its spread.

Never burn in dry, windy weather.

Have incinerators inspected by the Forest Fire Warden and get his written permit.

Number of permits,	559
Number of fires,	1
Acreage burned,	1 acre

White Pine Blister Rust Control

November 21, 1955.

Board of Selectmen,
Wolfeboro, New Hampshire.

Gentlemen:

At its annual meeting last March your town voted funds for White Pine Blister Rust Control to be spent in cooperation with the Forestry and Recreation Commission. Final returns to this department indicated that 91 towns and cities did likewise.

Following our yearly custom we have prepared, and is attached herewith, a statement briefly summarizing control measures performed in your town during the season of 1955, as well as a record of town and cooperative expenditures; these being made up of State and Federal aid expended in eradication and mapping. In view of the fact that the details of control work vary from town to town, it is not possible to report all in a brief account. However, the District Leader in charge of the project in your town will be pleased to supply these details upon request. His name and address appear below.

An outstanding fact relating to white pine is that while it occupies only about 27 percent of the State's woodlands, it annually produces 70 percent or more of the lumber cut. This is due largely to the fact that it is a prolific forest species, often increasing 500-1,000 board feet per acre annually. It responds quickly to good forestry practices such as thinning, weeding out of inferior species, and improvement cuttings as many a New Hampshire farm woodland owner has proved. Operations conducted upon these well-managed woodlots have supplied low-cost lumber for the repair of farm buildings or construction of additional ones. Apart from this, often substantial cash incomes have been realized through the sale of surplus logs, lumber, pulp and fuel wood.

The present blister rust program is concerned with the infection which, here and there, has developed among the younger stands of pine. For some years the cutting of white pine has been sizable, the average annual production exceeding 200 million board feet. Inspection of a large percentage of logged-off areas has disclosed the following situation: (1) excellent natural re-seeding with the young trees free from the rust, and (2) in others, due to soil disturbances brought about by logging, a regrowth of wild Ribes, resulting in starting new centers of infection. Therefore, one of the major phases of control work, at present, is to give as prompt and adequate protection as funds permit to these young stands of white pine, upon which we must depend for future crops of lumber.

In conclusion, the commission wishes to express its appreciation for the splendid cooperation received in the past from your town in this project. It is our hope that within a few years the en-

tire State control area will be on a maintenance basis, thus reducing entirely, or very materially, the requirement of town financing.

Very truly yours,
WILLIAM H. MESSECK, JR.,
State Forester.

S. H. BOOMER, Box 436, North Conway, N. H.

Wolfeboro - Brewster Memorial Library

REPORT OF THE LIBRARIAN

To the Board of Trustees of the Wolfeboro-Brewster Memorial Library.

Gentlemen:

The report of the librarian for the year ending January 1, 1956, is herewith presented.

The outstanding event of the year was the complete redecorating of the library, including the varnishing of the book shelves, laying of a new rubber tile floor, and the replacing of the window shades, thus giving to the room a lighter and cheerier atmosphere.

The year brought a consistently high circulation of books and an increasingly large number of books borrowed from the State Library. Also the Bookmobile continued its bimonthly visits bringing collections of books which were used by many borrowers.

The summer reading program was successful in spite of the fact that because of the cases of polio the number of children visiting the library was unusually small.

Book Week was observed by conducting a poster contest at Carpenter School and displaying adult books in Mr. Corkum's store window; and when Book Week and Education Week were observed at Carpenter School in the form of a Book Fair, a collection of children's books was on exhibition.

The library has continued to receive publicity through the Gray Birch Network, Station WWNH, and the Granite State News. In an effort to extend library service, collections of books have been left at the Convalescent Homes in town.

As one will see by the following statistics, the number of gifts was exceptionally large. For all of these gifts the librarian is very appreciative.

The circulation of books and magazines for the year was 30,595; of these classes: adult fiction, 12,043; non-fiction, 6,794; children's, 11,758. Three hundred and thirty-one new cards were issued. The largest day's circulation was 217, and the lowest 23. One hundred and thirty books were borrowed from the State Library.

This year 500 books have been added. Of this number one hundred and thirty-five were contributed.

FINANCIAL STATEMENT

Receipts

Balance on hand, January 1, 1955,		\$6.10
Books damaged and lost,	\$ 24.52	
Books and magazines sold,	4.79	
Gifts,	26.50
